

Software suite to ensure that the right MSU are in the right place, at the right time & for the right cost!

JUNE 11th

AutoSoftCapping WEBINAR.

Software on Z based in Seattle and Texas has partnered with zCost Management to introduce AutoSoftcapping into North America.

The principals of Software on Z, Brian Hoare, Joe Brockert and Craig Mullins have been working to reduce vWLC costs for many years for organizations globally. There will be a WebEx to demonstrate zCost on Friday June 11 – watch this space and for signup and go to www.softwareonz.com

AutoSoftCapping (ASC) product – white paper
(the last ASC installed license in Europe for "Credit Agricole": biggest Bank in Paris)

Read the last whitepaper about WLC and its evolutions such GCL, ASC to learn how WLC works: [vWLC Evolution-White-Paper.pdf](#)
Other ASC resource: [The Value of a full System z management](#)
